

Greetings!

This is a friendly  
Hello to say Thank You  
for trusting me to help  
you with your Medicare  
coverage decisions. Please  
remember that I am  
only ever a phone call  
away should questions  
arise, and I am always  
happy to help! I wish  
you a healthy + happy  
Summer, and I am  
already looking forward  
to connecting with you  
in the Fall!

Gratefully,  
Amanda

## Announcing New Office

We are pleased to announce that we have a new office space! Conveniently located at 7337 Oswego Road (Route 57) Liverpool, NY 13090 we are less than a mile from Thruway Exit 38. Our private parking is behind the office. After a year of distancing and precautions we are excited to welcome people back, in person. We hope you will enjoy the space as much as we do.

## Friendly Reminder

Please do not give your personal information (Social Security number, Medicare claim number, bank account, credit card info, etc) to anyone, especially over the phone. Unfortunately, the pandemic provided many opportunities to take advantage of other people. Neither Medicare nor Social Security will ever call you and request information. Your Medicare health insurance plan wouldn't call and request this information. Any testing, vaccine or treatment for COVID19 is covered with no charge to you so if someone calls you and offers you something, payment required, it is surely a scam. Stay safe.

## GoodRX

GoodRx or Part D Prescription Coverage? What to Know: GoodRx is a discount program that can save money on some medications. A few things to remember about this program:

1. You cannot use your Part D RX coverage and GoodRx, only one or the other.

2. Any amount you pay when using GoodRx does NOT count toward your Part D deductible or EPIC (NY State Pharmacy Assistance Program) deductible.

3. If you have an EPIC deductible it may be disadvantageous to use GoodRx as you won't reach your EPIC deductible as quickly as if everything billed through Part D and EPIC.

4. If you have questions about GoodRx vs. Part D please call so I can guide you based on your own program and situation.

## Medicare Helpline

Joe Namath is **NOT** Helpful!

No offense Joe, but never has a more misleading and exaggerated advertisement existed than the Medicare "Helpline" commercial starring Joe Namath. Let's look at the top two misleading claims:

**Premium Giveback:** There are two ways to save the cost of your Medicare Part B premium: "Medicare Savings Program" that is administered through your county's Medicaid department to help with your Part B premium cost. There are income and asset limits in order to qualify for this program. If you wonder whether you qualify, please call me.

**Extra Benefits You "Deserve":** Yes, you should have as many additional benefits as possible! It is important to note that Dental, Vision, Hearing, Transportation and Gym benefits vary widely from plan to plan, and region to region. If you have questions about whether or not your current plan includes these benefits please call, and I will review your plan's benefits with you.

This commercial promises all these potentially wonderful features and benefits for one reason... so you CALL them. Then they can change your plan and earn a commission. No one should ever recommend a change to your insurance coverage unless they fully understand your current coverage and your needs. **I will happily review your plan anytime.**

## IMPORTANT REMINDER

I will be traveling with family, & unavailable from July 27<sup>th</sup> thru August 4<sup>th</sup>. If you need immediate assistance during this period please call "Member Services" on the back of your ID card. I will reply to messages upon my return.
